--- PRESS RELEASE ---

ZORB COMMENTS US CONSUMER PRODUCTS SAFETY COMMISSION NOTICE

We are aware of the CPSC product recall affecting certain balls that are operated in water pools.

Globeriding, as operated by Zorb, is a land based activity involving double sphere balls which are unlike the balls covered by the recall notice.

The CSPC have not communicated with Zorb. Our product is not and has never been sold by us to end consumers. Our double-skin, land-based globes are exclusively used by us to provide our activity as a service in our purpose designed attraction parks or other controlled environments.

We have an existing Code of Safe Operation and our activity is service proven by operation since 1995.
